Auditors' Report.

We the subscribers, have this day examined the accounts of the selectmen and treasurer, for the years 1893-4 and find them well vouched and correctly cast, all of which is respectfully submitted.

GEORGE F. MORRILL, }
DANA WEBSTER, } Auditors.

Feb. 15, 1894.

ANNUAL REPORT

OF THE

Board of Education.

Again we are called to give our annual report of the condition of the schools, during the past year. The moral deportment and habits of study among the scholars, as a general thing, have been good, and the teachers have manifested much interest for the success of their pupils. We think the advancement in the several studies pursued, has been considerably above the average of past years, especially in arithmetic and grammar.

With our modern language books the latter study is not just what it was in the days of Murray and later the old English grammar. Now story and letter writing are first taken, later the parts of speech are easily brought to the pupils notice and so perfectly explained that they readily remembered the "why and wherefore" much better than in past years. It is not a dull study now and most of the children enjoy it and we seldom hear a complaint about their continuing it to the end.

Several of the older scholars left school after the spring term, to attend the school at the seminary at Kingston, making the per cent of gain smaller than usual, at the close of the year. The examination work was much better than we expected and their percentage good.

By the annexed statistical table it will be seen that six different teachers have been employed in our schools during the year.

If we are successful in procuring good teachers we think it an advantage to retain them through the year, as it takes a teacher some time to get a school in good working order.

We were obliged to depart from this rule at the Pound, as Miss Chase was unable to teach, and as the teacher at the Falls, Miss French, wished to attend the Normal school, we were obliged to make a change there. Too much cannot be said concerning the co-operation of parents and teachers in the school work. The best and most experienced teacher cannot alone make their school what it ought to be, without the aid of parents and others interested in the welfare of our children and we would urge upon them the importance of more active interest in our schools. If we wish to see them prosper we must be more helping in their behalf and visit them oftener and at any time, not necessarily waiting until the close of the year, although at the closing examination, we wished many more were present to see and hear how well the little ones did.

We hope the coming year many and all will avail themselves of this privilege, as it is of great encouragement to teachers and pupils.

This has often been requested by our former respected committees, Mr. George B. Webster, Mr. Ezra F. Currier and others, nevertheless it remains a fact, just the same.

ROLL OF ATTENDANCE.

FOR THE YEAR.

Nellie Monahan, Perley K. Lord and Frank L. Currier. John E. Currier, absent one day for sickness.

TWO TERMS.

Myron P. Crowell, Burt N. McGlauffin, Winnifred C. Eastman and Helen A. Webster. Annie T. Rowell absent one day.

ONE TERM.

Alice T. French, Flora E. Eastman, Flora B. Giles, Edna L. Giles, Mary E. Webster, Susie F. Crowell, Etta R. Currier, Elin J. Carlson, Mabel H. Dale, Bell J. Griffith, Willie Griffith, John M. T. Richardson, Charles A. Richardson

The whole number of children in town as returned by the selectmen is 94 ; males 44, females 50. The whole number of scholars that have attended our schools the past year is 99 ; males 47, females 52, of which 3 were less than 5 and 5 were more than 15 years of age. We know of no person between the ages of 14 and 21, who cannot read and write.

Respectfully,

LAURA O. PHILBRICK, Supt. of Schools.
East Kingston, N. H., Feb. 15, 1894.
